## Is this a gorilla or is it a birthday cake?

**Tricky one! You may be surprised to know that this is actually a birthday cake.**

Birthday Dreams, London's leading children's party organiser, has teamed up with an extraordinary and extremely gifted cake sculptor who produces what can only be described as, sensational celebration cakes. 'Reality Cakes' as we have dubbed them! Using her sculpting skills she will craft almost any design you care to choose.

Su Forrester-Brown, managing director of Birthday Dreams says:

*"It's hard to believe these are actually cakes, sometimes it's extremely hard to 'stick the knife in' so to speak and cut the cake at the party"*

*"The thing is they taste so great you'll be glad you did" she added.*

A number of these spectacular cakes have been commissioned by Birthday Dreams based on traditional themes, such as Cinderella, Princess and pirate, some of which are pictured.

If you wish to order one of these beautiful 'Reality' cakes or want to know more about the amazing services Birthday Dreams can provide.
